- Certified items are suitable for commercial collection but may not be suitable for residential curbside collection.
- CMA reserves the right to require periodic re-evaluation for recertification as early as one year after date of initial acceptance.
- The listed products are considered CMA-W accepted. However, individual facilities may have additional requirements for acceptance of specific items or categories, which are subject to change at the individual facility's discretion. Specific governmental jurisdictions may also have specific requirements for marking or labelling compostable products. CMA acceptance does not imply compliance with specific facility or legal jurisdictional requirements.
- Certification does not authorize the use of the CMA name or logo without a separate licensing agreement.
